Target) This class gives students the opportunity to develop their English communicative ability through the exploration and discussion of themes relevant to our modern global world. Practice with speaking, reading, writing and listening will be provided through class activities around a textbook and other media.

Outline) This is a communicative style class. Students will be expected to take part in various pair-work and small group activities such as role-plays, discussions and information-gap tasks. There will be a short homework activity each week that is necessary preparation for the following week's class. The mid-term and final exams are presentation based.

Goal) In today's globalized society, English has become the common language of communication and is necessary to participate in today's global community. This class requires students to put their skills into practice, and in the process increase fluency and confidence in using English while also increasing vocabulary and polishing grammatical skills.

Schedule)

1. Introduction to the class, expectations and getting to know each other.
2. Theme 1: General knowledge quiz
3. Introductory presentations
